This product is GREENGUARD® certified and will contribute to USGBC registered LEED projects. It will also contribute to the ANSI approved NAHB Green Building Standard ICC 70.

This product has a permanent Microban treatment on the surface to reduce the growth of mold, mildew, and bacteria. The antimicrobial technologies from Microban do not need to be reapplied or activated and are registered with the Environmental Protection Agency (EPA) in the US and comply with the standards of the Biocidal Products Regulation (BPR) in Europe.

According to ANSI and MIA standards, depending on the type and size of tile, it is recommended to have at least a 1/8" wide grout joint for floor tiles in order to be able to fill the grout joint full and never less than 1/16" wide. Please refer to TCNA guidelines for more on grout recommendations.
