LENA - 8" HEXAGON TILES

PLEASE NOTE:

Lena Hexagon is an extruded tile. When installed, varying grout widths produce an effect to emulate Old World handmade tiles. See examples in photos below.

All material must be inspected prior to installation.

ABSOLUTELY NO CLAIMS WILL BE ACCEPTED AFTER INSTALLATION.

THE RECOMMENDED MINIMUM GROUT JOINT IS 3/16"

We suggest avoiding the use of dark grouts in order to keep the intended soft look. Plastic spacers should not be used as tiles are extruded.
